# THE VISION

The boutique agency, Sustaina Wines, was founded in 2023 by Peter Douglas, a wine industry veteran with over 13 years of experience. Based in Berlin, it specializes in purchasing and distributing wines from producers and distributing wines that align with our internal standards.

These standards focus on wine quality, service, communicated availability, and a commitment to sustainable practices, from vineyard to packaging.

I proudly represent both small and large-scale wineries committed to environmental responsibility, ethical business practices, and innovative wine production methods. The producers contribute to a sustainable environment through light weight packaging, renewable energy during production or by using light weight or alternative packaging, reducing the CO2 impact.

Sustaina Wines is the leading boutique wine agency committed to sustainability. To us, sustainability isn't just a trend; it's a way of life. Our emphasis on sustainable practices, from the vineyard to packaging, has a positive impact on our planet. This is evident both economically and environmentally, as we champion carbon reduction, embrace natural approaches in the vineyards, and it resulting efficient logistics.

#### Alternative Format Wines

Our Bag-in-Box (BiB) wines are changing the game, achieving a remarkable 10x reduction in carbon emissions compared to traditional glass bottles.

**Lighter, Greener, Smarter: FrugalPac.** These 0.75L paper bottles are crafted from 100% recycled PET plastic. These innovative bottles use 90% less energy and emit 79% less CO<sub>2</sub> than their virgin PET counterparts. They're not only environmentally responsible but also 87% lighter than conventional glass bottles and 40% smaller, significantly reducing CO<sub>2</sub> emissions throughout the supply chain.

**Lightweight Glass Bottles: A Greener Alternative** Even our lightweight 420-gram glass bottles have a lower carbon footprint, approximately 22% less than traditional glass bottles.

**A Sustainable Shipping Solution** One 20L KeyKeg holds nearly 27 bottles of 0.75L wine, which means about 16 kg less glass is shipped for each Keg. A empty KeyKeg of 20 liters weighs only 1.05 kg—only a fraction of the weight per hectoliter when compared to steel kegs or glass bottles.

# WHY CHOOSE SUSTAINA WINES?

## HIGH STANDARDS

# FAMILLE DESCOMBE

A terroir-driven producer, they offer a range of wines that span high-end to entry-level options, as well as economical bag-in-box and keg wines. They prioritize organic practices and are transitioning to even more sustainable methods, employing low-intervention techniques. Their selection includes varietals, prestigious single-vineyard wines, and cuvées, all with an emphasis on various regions within France.

# FAMILLE DESCOMBE

## Château de Pougelon

The Château de Pougelon, built in 1662, boasts a blend of Henri IV and Louis XIII architectural styles. Its rich history includes notable figures like Antoine Guillin de Pougelon, a lawyer who elevated the family's status and dabbled in Lyon's politics. Gabrielle Guillin de Pougelon, later known as the Comtesse de Pougelon, married the Count de Loriol, adding to the castle's legacy.

## CHÂTEAU DE POUGELON

The winery, currently in its early vintages, aims to be HVE classified in the future. The vineyards employ agroforestry practices to attract beneficial organisms, reducing the need for insecticides and emphasizing organic methods. Concrete vessels, spontaneous fermentation, and low intervention are key to producing the unique terroir-driven wines.

### 1090 - Beaujolais blanc Pierres Dorées

This Beaujolais Blanc, grown in sustainable vineyards and vinified without any inputs, comes from a plot located in the commune of Porte des Pierres Dorées. The clay-limestone soil of this southern part of Beaujolais is the preferred terroir for Chardonnay.

### 1091 - Beaujolais blanc Pierres Dorées Magnum

The Chardonnay wines exude intense floral notes complemented by hints of yellow apples and pears. Their high finesse and elegance, combined with vibrant acidity and an unoaked character, culminate in a long finish.

# Château de Pougelon

## 1015 - Beaujolais Villages Granite

A lively Beaujolais with vibrant cherry notes, this wine dances on the palate with a refreshing acidity and subtle hints of minerality, evoking the essence of granite terroir.

## 1016 - Beaujolais Villages "Pougelon"

The Villages exudes elegance with its bright raspberry aromas and a palate that beautifully balances red fruit flavors, making it a delightful representation of Beaujolais Villages.

## 1017 - Brouilly "Clos Reisser"

This Brouilly single vineyard unveils a rich expression of red fruits, including ripe strawberries and cherries. Its structure is well-defined by elegant tannins, and finesse.

## 1018 - Brouilly "Clos Reisser" Magnum

The magnum version of "Clos Reisser" magnifies its red fruit intensity and depth. It's a grandiose expression of Brouilly, showcasing its full potential.

# Château de Pougelon

## 1019 - Brouilly "Voujon"

The single vineyard "Voujon" delights with floral finesse and red berry notes. Its silky texture and balanced acidity make it an enchanting representation of Brouilly's charm.

## 1020 - Juliéna's "Beauverney"

The single vineyard of "Beauverney" presents a rich bouquet of dark fruits, accentuated by hints of spice. Its unique terroir-driven robust character, paired with soft tannins, truly stands out.

## 1021 - Fleurie "Grille-Midi"

"Grille-Midi" encapsulates the terroir of the single vineyard with a classic charm. It showcases an array of red berries, a touch of floral notes, and a silky texture that lingers on the palate.

## 1022 - Morgon "Corcelette"

"Corcelette" is a robust Morgon single vineyard wine with layers of dark fruit flavors, earthy undertones, and a solid structure. It embodies the depth and character of Morgon wines beautifully.

## SEASONAL

## 1023 - Beaujolais Villages Nouveau "Granite"

A fresh and vibrant representation without carbonic maceration of the latest harvest, perfect for celebrating the new vintage. The removable sticker ensures it can be sold even after the season.

# FAMILLE DESCOMBE

## Domaine Passy le Clou

The winery was originally founded as a cereal farm in the 1950s. Over the span of three decades, they transitioned their land into vineyards. While they were initially part of a cooperative cellar, they decided in the early 2000s to build their own cellar. Today, their wines are produced from low-yielding vines, and the grapes are gently pressed. Extended time on the lees and aging in inert vessels contribute to the mineral-driven finesse of their wines.

## FAMILLE DESCOMBE

### Domaine de Lá-Haut

Situated in eastern France, the family maintained a unique connection with wine producers from Beaujolais, Bourgogne, and the Rhône Valley due to its central location.

In 2018, the Descombe family embarked on a fresh endeavor in the northern Rhône Valley, purchasing vineyards in the esteemed Saint-Joseph and Crozes-Hermitage appellations. The Domaine de La Haut, perched with a picturesque view of the Rhone River, commands breathtaking vistas of the region's enchanting hillsides.

A bold and fruit-driven wine with robust dark fruit, spice, and a satisfying, lingering finish.

## 1051 - Grenache VdF

A typical Grenache, this wine offers a full body and a moderate intensity of red cherries. A savory touch adds to its complexity.

## 1052 - Merlot VdF

Full-bodied fruit driven Merlot with notes of bramble, dark cherries and hints of spice. The elegant fruit-driven character is well balanced with the smooth acidity and soft tannins.

## Keykegs

*A full truck can transport 65% more wine.*

At Sustaina Wines, the commitment to sustainability runs deep, and we're excited to introduce a game-changing format in our journey toward a greener future – the KeyKeg. It's not just about convenience; it's about making a substantial impact on our environment.

One 20l-KeyKeg replaces 27 traditional 0.75-liter wine bottles. The cost, space, weight, and circulation benefits redefine how wine is poured, making it a standout in the sustainable wine business. The reduction in CO2 output through circulation and its recyclable nature reduces the carbon footprint and preserves our natural resources. KeyKeg isn't just a product; it represents a commitment to the principles of a circular economy, where materials are endlessly reused, not discarded.

Please see bottled wines for detailed tasting notes.

Wines stored in KeyKegs retain their freshness for longer duration. The robust construction of the KeyKeg ensures that the wine is safeguarded during distribution, export, and even in regular handling and storage, reducing the risks of spoilage or breakage. Their ease of filling glasses further streamlines the pouring process.

Beyond practical benefits, KeyKegs also respond to the growing consumer demand for sustainable packaging.

With a design centered on circularity, they are an eco-friendly alternative that not only enhances the quality and longevity of wines but also adheres to contemporary sustainability standards.

# BODEGA AKUTAIN

Bodega Akutain, a family-owned winery with four decades of heritage, crafts classic and distinct wines under the D.O.Ca. Rioja label, with a profound emphasis on sustainability and quality. With an eco-conscious approach and light weight glass bottles, they maintain a controlled production, ensuring every bottle embodies the winery's commitment to the environment and top-tier craftsmanship.

All wines from Bodega Akutain are nurtured in their vineyards in the Rioja Alta region. For over a quarter-century, Bodega Akutain has highlighted "Rioja Alta" on their labels, signifying a steadfast commitment to local, sustainable grape cultivation and honoring stringent eco-friendly standards.

Jon Peñagarikano Akutain, stands at the helm of this initiative, seamlessly blending time-honored low intervention traditions with forward-thinking sustainability practices. With a keen vision for the future, Jon ensures that Bodega Akutain's limited production remains both ecologically responsible and highly coveted.

# KAPISTONI

Kapistoni Winery, a family-owned traditional winery located in Georgia's certified Eco-Zone, embodies a commitment to sustainability and tradition in winemaking. With a history spanning seven generations, the Kapistoni name signifies excellence in wine. They attribute the unique character of their wines to Georgia's age-old winemaking traditions, particularly the use of qvevri, which has played a central role for over 8000 vintages.

Believing that preserving tradition maintains the distinctive quality of Georgian wines, Kapistoni emphasizes the interplay between qvevri's aging environment and indigenous grapes. They minimize intervention during fermentation and aging to create wines that meet the qualitative standards of Kapistoni wine.

Despite the recent global recognition of Georgian wines and the adoption of Western winemaking techniques by some, Kapistoni Winery remains dedicated to crafting authentic artisanal Georgian wines exclusively in Qvevris. They firmly believe that the best Georgian wines stay true to their unique character.

## KAPISTONI

The family produces unfiltered fine wines in Qvevri (clay vessel). Their white wines undergo an extended skin contact of 6 months, which contributes to a deeper color and light tannic sensation. Afterwards the wines are removed from the skins and mature in a separate qvevri for 3 weeks for natural filtration.

### NATURAL

#### 1080 - Rkatsiteli

Unadulterated expression of this white varietal reveals nutty and green apple nuances, balanced by bright acidity. Natural winemaking adds to its authenticity.

**NATURAL**
